ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

WHEREAS, Electrical District No. 3 ("ED3") was formed in 1926 to provide electrical power and energy in the area encompassing the City of Maricopa, acquired electric transmission and distribution facilities serving portions of the City of Maricopa in 1961, and terminated its grant of a lease of those facilities to another utility and recovered operational control of its electrical system effective October 9, 2001; and

WHEREAS, the Maricopa Economic Development Alliance of Maricopa recognizes ED3 as an important strategic partner in the area's development and as a reliable provider of electrical service to the greater Maricopa area; and

WHEREAS, ED3 has made significant investments in electrical infrastructure and operations capability and has undertaken substantial efforts over the period since October 9, 2001, when it reacquired operational control of its electrical system, to ensure the availability of adequate, safe, reliable and economical retail electric service to the greater Maricopa area at a time critical to the growth of the City of Maricopa; and

WHEREAS, the interests of the citizens of the City of Maricopa in maintaining an adequate, safe, reliable and economical supply of retail electric service would best be served by consolidating electric utility operations in the greater Maricopa area in the hands of a single utility; and

WHEREAS, ED3 has demonstrated its commitment to the provision of adequate, safe, reliable and economical retail electric service to the City of Maricopa and surrounding areas, and ED3 has demonstrated its sensitivity to the input of the representatives in formulating its utility rates and policies in accordance with the requirements of the Arizona Electrical Districts Act (A.R.S. §§ 48-1701 through 48-1822, as amended); and

WHEREAS, the benefits to the citizens of the City of Maricopa and surrounding areas that would result from the approval of the application of the Arizona Public Service Company now pending before the Arizona Corporation Commission in Docket No. E-1345A-08-0426 for authorization to sell certain of its facilities to ED3 and to delete areas served by ED3 from Arizona Public Service Company's certificate of convenience and necessity include, but are not limited to: (i) greater safety, efficiency, and reliability of retail electric service due to the elimination of overlapping responsibilities between two utilities for maintenance and emergency response; and (ii) lower capital costs for the remaining utility due to the elimination of the risk of migration of load, which tend to result in lower rates to consumers.

NOW, THEREFORE, BE IT RESOLVED BY the Maricopa Economic Development Alliance of the City of Maricopa, Arizona that the Maricopa Economic Development Alliance supports the application of the Arizona Public Service Company now pending before the Arizona Corporation Commission in Docket No. E-1345A-08-0426 for authorization to sell certain of its facilities to ED3 and to delete areas served by ED3 from its certificate of convenience and necessity, and urges the Commission to grant that application in all respects.
